

MasterTech Dental Studio

512-627-8378

12731 Research Blvd., Bldg. C Suite 302, Austin, TX 78759

Van Kirkland, CDT, President

Master Tech Dental Studio has stepped into the digital age by purchasing a Sirona InLab System. By choosing us as your favorite dental laboratory, we can help you get the most out of your CEREC System investment.

When you purchase a CEREC, it is very important to register for your CEREC Connect account. CEREC Connect gives you a Direct Portal to the CEREC InLab of your choice. Without it you are missing out on substantial ROI.

HOW CAN WE HELP?

- No more physical impressions – by sending us your digital impressions, we can take your virtual model and fabricate most restorations of your choice.
- If a physical model is needed, this can be done via Infinident.
- Regarding parameters, we will be speaking the same language.
- We provide you with a wide range of materials including IPS e.max, Bruxzir, Lava Ultimate, IPS Empress, Zirconia Implant Abutments, CEREC, Vita Cad Temp, Ivoclar Acryl-Cad, and more not mentioned here.

REGISTRATION IS EASY:

1. Go to <http://www.cerec-connect.com/>
2. Click on “Dental Registration”
3. Create your “User ID” and “Password”

*Note: It can take up to three business days to finalize your account...but if you call 1-800-475-5036 and request immediate approval, “most” of the time you will be registered instantly.

4. Once registered, click on My Favorite Laboratories
 - This can be chosen by zip code or distance
 - Choose Master Tech Dental Studio as your favorite lab

AS A BONUS

- When you use CEREC Connect, Master Tech Dental Studio discounts your restoration by \$20.00 from standard fees.

Master Tech Dental Studio would love to partner with you as your CEREC InLab Laboratory. You can contact me at 512-627-8378.
